

Expert Scrum Master Certified (ESMC™) Course

Classroom Program: 2 days
Online: 180 days

Overview:

Expert Scrum Master Certified (ESMC™) certification is the next step for Scrum practitioners to further demonstrate their expertise in Scrum methodology. This will test your ability to manage complex Scrum projects and scale Scrum in complex projects involving big project teams, programs and portfolios. Delegates will be awarded the Expert Scrum Master Certified (ESMC™) certificate by SCRUMstudy upon successfully passing the certification exam.

Prerequisites

To become an ESMC™ certified professional you should fulfil the following criteria:

- Should have three years of experience managing Scrum/Agile Projects
- Should be SMC™, AEC™ and SPOC™ certified.
- Should submit 500 words write up about two Scrum/Agile projects.
- You can also attend a 2-day ESMC™ classroom training provided by PMC SOLUTIONS.

Examination Format

- Multiple choice
- 70 questions per exam
- No negative marks for wrong answers
- 90 minutes duration
- Proctored online exam
- Current pass rate: 95%

Maintaining Certification

- To maintain the certification status, Expert Scrum Master Certified (ESMC™) professionals will need to earn 60 re-certification units every 3 years.

Audience Profile

This Certification is suitable for anyone who is an expert in the SCRUM team and wants to handle complicated Scrum projects as an Expert Scrum Master Certified, including:

- Scrum Team Members
- Product Managers
- Project Managers
- Project Sponsors
- Portfolio Scrum Masters
- Program Scrum Masters
- Programmers
- Designers
- Testers
- Software Engineers
- Executives
- Business Owners
- Business Analysts, etc.
